

CONSTRUCTING EXCELLENCE ACROSS BORDERS

 A Legacy of 25 Years
in Global Construction

INTRODUCTION

For over 25 years, Build World has been a cornerstone in the construction industry, delivering excellence with a strong commitment to professionalism and quality. What started as a vision shared between two determined individuals has now transformed into one of the largest and most respected construction firms in South India, with a significant presence in the Middle East. Build World's legacy is built on a foundation of trust, hard work, and an unwavering dedication to upholding international standards in construction.

OUR LEGACY & JOURNEY

The story of Build World began with Engineer Feroz Kalathil, a seasoned professional with a passion for engineering and construction. While on vacation, his mother encouraged him to stay in India and create something meaningful for the country. This inspiration led him to meet Mr. Abdul Muneer, a young visionary eager to bring innovation into the construction sector. Together, they laid the foundation of Build World, a company driven by excellence, ethics, and an uncompromising approach to quality.

Today, Build World stands as a leading name in the construction industry, offering top-tier services that adhere to international engineering standards. From high-rise commercial buildings to luxurious residential villas, we have successfully executed numerous projects across India and the Middle East, gaining recognition as a trusted construction powerhouse.
